

Bachelor of Science (B. S.) in Accounting
SUGGESTED COURSE SEQUENCE-- *Last Modified 5/1/2020*
For Students Entering Rowan CORE Program Fall 2020 and after

PLEASE NOTE: Considerable flexibility exists for moving courses between spring and fall semesters, except when a course is only offered in spring or fall (noted in some required major or specialization courses). When altering course sequences, give careful consideration to prerequisites. Also, be cognizant of the following when making your schedule:

1. Supervised Internship in Accounting & Taxation of Business Entities are highly recommended as Accounting Electives during junior or senior year. Taxation is especially important for those planning to sit for the CPA exam.
2. Senior Privilege—If you have 90 credits and at least a 3.0 GPA, you may take one graduate course each semester during senior year for no extra cost. C
