- C.

Roberta Harvey (co-chair) – Interim Associate Provost for Academic Affairs Larry Butler (co-chair) – College of Liberal Arts and Sciences Cindy Vitto – Special Assistant to the President JII Perry – Provost Fellow Kristen diNovi – Center for Academic Advising and Exploration Beth Rey – Center for Academic Advising and Exploration Jackie Ring – Institutional Effectiveness, Research, and Planning Aimee Burgin – Liberal Studies Erin Herberg – College of Communication and Curriculum Committee Trish Yurak – College of Liberal Arts and Sciences Tim0 0 0.24-0 8.15999 50 0 0 Tmo

Reporting Mechanisms Matters involving Level 3 violations are adjudicated by the Academic Integrity Review Board and the hearings will be recorded. A record of this violation will be retained in the Office of the Provost in accordance with State record retention guidelines. The student can appeal the determination and/ or the sanction in accordance with policy.

Rationale: Counsel suggests this is necessary. Earlier versions of the RAIV had stipulated that hearings would be recorded and that the student had the right to appeal.

ROWAN UNIVERSITY

STUDENT REQUEST TO

Policy on Ensuring Compliance with Responsible Conduct of Research (RCR) Requirements by Federal Funding Agencies

Background

Aspart of the implementation of Section 7009 of the

(COMPETES) Act, the National Science Foundation (NSF) and National Institutes of Health (NIH) have enacted policies requiring faculty, staff and students (both undergraduate and graduate) who are engaged in sponsored research undergo training in the Responsible Conduct of Research (RCR). Furthermore, these funding agencies require the University to monitor and track that all such researchers have received RCR training.

In April 2007, the Rowan University Senate has passed a resolution entitled "Resolution on Establishment of a Training Program for Ethical & Responsible Conduct of Research." The resolution requires faculty and graduate students (only) to undergo RCR training, as established by the Office of Research and Sponsored Programs, and that necessary

The NSF statutory requirement is "The Director shall require that each institution that applies for financial assistance from the Foundation for science and engineering research or education describe in its grant proposal aplan to provide appropriate training and oversight in the responsible and ethical conduct of research to undergraduate students, graduate students, and postdoctoral researchers participating in the proposed research project."

NIH requires that all trainees, fellows, participants, and scholars receiving support through any NIH training, career development award (individual or institutional), research education grant, and dissertation research grant must receive instruction in responsible conduct of research.
