Votes to approve pending revision: 5

Dear Sponsor:

3:15 pm (Rowan Hall Auditorium), please plan to attend all requested revisions and resubmit through OnBase no later than 5:00 pm on Wednesday, November 3, 2019

There is a lack of detail in this proposal. Please revise to address the following:

- o! why the creation of the new graduate school is necessary; why creating a new graduate school is the most desirable option going forward, as opposed to, for instance, applying the resources that will go into the proposed school to the existing programs and structures at Rowan (and merit);
- o! what key changes will occur at Rowan University as a result of the creation of the new graduate school;
- o! which programs will move into the graduate school (coming up with a working list should be terribly onerous);
- o! why housing (or housing coordinating) may be a more accurate word choice.
