Purpose of/Charge to Committee:

The research committee monitors research and research services on campus to identify and address issues of research interest. The committee makes recommendations for (I) promoting research and research awareness on campus; (II) meeting resource needs for research; and (III) establishing policies to ensure that research related issues on campus are addressed

Members of the committee from the Rowan University Library community pursued additional work related to determining the needs that academic libraries have at major research institutions.

Additional meetings were held to identify best practices in the 8)]st thx gs0 \$\frac{1}{3}\$ 10()260-3(ec1 12e1 0 4.38 43).
