Civil and Environmental Engineering Program's Interpretation of Recontracting and Tenure Criteria.

Approved Unanimously by the Civil and Environmental Engineering Faculty

2.4 Department Responsibilities

2.4.1 Statement Interpreting the Criteria: Each year, by October 1, and before evaluation of candidates, each department (including part-time faculty and staff will prepare and formally

CRITERIA FOR SCHOLARLY ACHIEVEMENT

Each faculty member is expected to maintain currency within his/her chosen field and contribute to the knowledge base within that field. It is expected that such efforts will address the Department and College missions of providing students with a leading edge educational experience at all levels of coursework.

Scholarship and research activity is recognized in three general categories: traditional technical engineering scholarship, research/scholarship in engineering education, and the scholarship of practice. The scholarship of practice involves applying technical engineering skills to solve a real world problem for a client or other sponsor. All forms of scholarly activities must be

2. Assisting faculty and students with scholarship;
3. Authoring peer-reviewed papers and books;
4. Authoring published articles (non-peer-reviewed);
5. Award of patents;
6. Successful completion of college courses;
7. Successful completion of continuing education courses;
8. Attendance at seminars; and
9. Other activities approved by the CEE department.

CRITERIA FOR PROFESSIONAL SERVICE

All faculty members are expected to engage in and share the activities of professional practice.
