ExEEd

The Department of Experiential Engineering Education Interpretation of Recontracting and Tenure Criteria

Approved Unanimously by the ExEEd Faculty, September 9, 2019

~~RELEVANT DOCUMENTS (SECTION 2 - IN UNIVERSITY/LOCAL)~~

The Department does not use numerical metrics or a scoring system when assessing candidates for recontracting and tenure; therefore, a mathematical weighting of the areas of teaching,

program through successful proposals and awards. A candidate for tenure shall be able to demonstrate that they have developed a sustainable externally funded research program.

The role of undergraduate and graduate students in a faculty member's research program is especially valued. Collaborative work is highly valued and encouraged, and the faculty member's unique responsibilities and contributions to the work shall be clearly articulated
