## **CRITERIA FOR PROFESSIONAL SERVICE**

All faculty members are expected to engage in and share the activities of professional practice and service to the Department, College, University and Profession. The nature of this activity is provided in Appendix A of the 2019-20 R&T MOA. Due to the multi-faceted nature of service, it encompasses a wide range of activities. While examples are provided in the Promotion Document, many dimensions of service exist and are worthy of recognition if a professional or societal contribution is made. However, service to the Program and College is considered the most important. Supporting letters from peers should be provided as necessary.
